Mentors

Breakout Session Presenters

prizes

The Theme for this year's summit is "Inspiring the Future". Our goal is to empower current and incoming LBCC students and Long Beach Unified School District students to reach their educational goals. The Male Summit is a powerful event designed to be a conduit to invoke conversation and address the current trends and issues that affect boys and men today. Studies show that there has been a decrease in enrollment of minority males. The Summit will encourage and inspire students to pursue an important education and persevere in spite of obstacles. Although the Summit focuses on males of color, this is an all-inclusive event open to all LBUSD and community college students.
